DESCRIPTION

This fixture features a straight cylindrical shade crafted from frosted white glass, complemented by a sturdy steel base, stem, and canopy. Its durable design incorporates a corrosion and heat-resistant powder-coated finish or satin nickel finish. With a 120VAC/60Hz input and a built-in driver, it is available in 2700-5000K with options for single or multi-CCT. The dimmable functionality allows for adjustment down to 10% and is compatible with Triac and ELV dimmers. Additionally, the light is cETLus listed, ensuring its suitability for use in dry indoor areas.
